

'Silent World' To Be Shown This Week

Saginaw YMCA Underwater Explorers club will sponsor the film, "The Silent World" Friday at 8 p.m. at North Intermediate School. The 86-minute color film, taken from a book by Jacques-Yves Cousteau, pioneer French skin diver, won the Grand Prix at the 1956 Cannes Film Festival and an Academy Award in 1957.

Proceeds will be used to pay for an air compressor for use by club members.

Members plan to entertain two out-of-state diving clubs this summer. The groups will dive to underwater wreckage in Michigan waters.
