

WOULD YOU BELIEVE IT !!! About half of the club members showed up for the Christmas Party held at John Garner's house on December 16th. Singing, dancing and games kept everyone in good spirits. Some boy team and girl team games were played, and the girls took defeat rather well considering such games as putting pillow cases on pillows and putting on nylon stockings were played. The decoration and food committees did an outstanding job.

NEEDED !!! Divers interested in exhibiting in the diving tank for the 1962 Boat Show sometime during the first week of February. And for the non-exhibitionists there is a job for you. Some divers are needed to explain simple questions asked by the public while they are viewing the diver in the tank. Also some help is needed for making the tank ready for the show. It's all painted and ready for use. It only needs to be hauled and filled.

CONGRADULATIONS TO DAN CREGAR, JERRY EVANS AND BOB THOMAS. Our new members. Glad to have you fellows aboard. Let's make them feel at home oldtimers.

GENE SUNQUIST from the Valley Travel Agency will talk on making available a trip to Nassau. He will present this at the February meeting. All persons interested in going contact Bruce Beckert before the Feb. meeting. The cost will be approximately \$235. A \$100 deposit will be required 2 months before the trip. Since the trip will be about June 15th the deposit should be in by April 15th. This trip covers all transportation, food and lodging, and gives you about 6 days diving in the best beautiful water in the world. Don't say "no", say "Lets Go". You'll never forget it!

You CAN advertise the Stanton Waterman show "3000 Years Under the Sea" on your own. Why not have it put in your club paper, church paper or just run off at the mouth. Appeal to the scientific aspect of underwater archiology or the discovery of Biblical era shipwrecks or just plain adventure. There is one church newsletter in Saginaw that already has it in. Thanks to Bruce Beckert. A good job done Bruce, Keep it up.

All good divers either keep their suit on or their
flippers wet! (that's not the wet suit either podner)
