UNDERWATER EXPLORERS HOST AQUANAUT

The Saginaw Underwater Explorers will meet April 8 at the Saginaw Township Fire Hall on the corner of Shattuck and Center beginning at 7:30 p.m. Appearing before the diving club will be Paul Cratin, professor of chemistry at Central Michigan University who will give his slide presentation entitled "Reflections". The show covers Cratin's participation as an aquanaut in the Underwater Living Program in the Bahamas and U.S. Virgin Islands and is open to the public.
