MC Peterson; 2004 SUE Festival and Dive Show

2004 Dive Show Results

I wanted to take this opportunity to thank everyone for their support of this year's dive show. Everyone that I have spoken with was very pleased with the show and they are looking forward to next year's event. After discussing it at the last club meeting it was decided that we should hold another dive show in 2005 and that we need to start on it right away while we have the momentum of this year's success. A board will be established and a meeting date will be set at the May 11th, club meeting. If anyone is interested in helping out or sponsoring, please email Mike Peterson at wreckdiver_pete@yahoo.com. The purpose of starting so early getting ready is to ensure a quality venue and another line up of excellent speakers and sponsors. Starting this early also allows everyone an opportunity to help out. A list of needed tasks and assignments will be written up and anyone that would like to help is welcome. One of the great things about this type of event is that your contribution can be as small as saying that you will handle putting out the signs at the event, to helping organize or find sponsors. We have almost a year and with everyone helping this could be our best show yet.

I look forward to working with everyone again on this project. It can be time consuming, but when the theater starts to fill up with eager people wanting to explore it is worth every minute. Please make sure to sign up if you would like to help or contact Mike with any questions or ideas. **-Mike**

LOON LAKE DIVE/ CLEANUP

The Loon lake clean up is scheduled for May 15th. We will meet at the Cracker Barrel on Wilder road, Bay City, at 8 am for breakfast for those interested. At 9 am we will be meeting at the north west corner of Meijers parking lot to car pool. Leave for Loon lake at about 9:15am. There will be a general clean up at the camp the weekend before ours so we will probably only need to check out the swim area and beach. The camp owns over a mile of lake front and none of it has been dove before that we know of. It should be interesting to see what we find. Metal detectors are welcome and encouraged. The manager of the camp is so happy we're coming, they will be providing lunch to all in attendance. Very nice of them. On that note, we need to give them a head count ahead of time. A sign up sheet will be at the meeting on the 11th (VIP night); you can publish my phone number as coordinator of anyone want so go but can't sign up at the meeting.
