subjects*

Remember Our Troops!

(English Language Version)

Meeting Heads-Up

This meeting again at the compressor site; Thomas Township fire station on Miller just north of Gratiot. The Scoop will continue to post this until we're back in Saginaw Township's fire station. May's meeting was pretty much taken up with VIPs, so this meeting should cover more business. Like dive proposals. And; it's not too early to plan the club picnic for next month.

The May meeting was active! There was a good turnout for the last of the yearly scheduled VIPs; perhaps a sign of more diving this year. Of course it also provided the opportunity to catch up on stories.

Tim H. opening tank; the knees belong to Val G.

Don C., Mike K. in VIP room; Mike F. to left

VIPs were handled in an efficient production line. Dave Sommers started recording tanks (reward for showing up early), then he got called off on a fire run. Recording was assumed by Tim Hastings and Jeff Millemon. VIPs were done in the special room next to the compressor by Mike Kowalski and Don Cunningham, then the tanks were sent to Mike Fabish for filling. Lots accomplished that evening...

Mike K., Don C. showing dedication to their work

Mike F. tightening tank before filling; Jeff M. assisting

Short business discussion after VIPs finished; still daylight!

Request- The SCOOP would like to compile a list of near, easy-access dive sites for the club's use. If you have any to contribute, please send same to the editor's e/m (on back)

1st Aid, CPR Class a Success

The emergency training class proposed by VP Tony Piazza was held at Delta College for two evenings this last month; attending from the club were Tony and his wife Carol, Bill and Linda Atkins, and your editor. The class size was completed by members of another local club also interested in life-saving techniques. Under the instruction of Delta instructor Renee Hoppe, the group learned the basics from how to stop a bleeding wound to CPR (go ahead; ask Tony what an AED is). Thanks for setting this up, Tony!

Tony being attentive; his wife Carol right behind him

Tony performing CPR on little Annie

Another New Member!

This month's welcome aboard to Jeff Millemon; Jeff also comes to SUE from the dive team. Jeff already attended last month's meeting, and helped out with the VIPs. Jeff is looking forward to some club dives, and next month's picnic! (picture on prev pg)

Linda, Tony, Carol watching Bill demonstrate the AED

Boater Safety Class

As if your editor didn't have enough cramming with the CPR class, he also took in the boater's safety course put on by the marine patrol. This class was run by club members Mike Fabish and Greg Prenzler, and Kirk Newman. It's been awhile since I've been boating, and I've learned there's some new laws on the books. This free class is run frequently through the summer; I recommend it if you'd like a refresher yourself. It could save you a ticket... If there's interest, the Scoop will publish the schedule.

Greg P., Kirk N. instructing boaters
